

Audit Assistant

When you are just starting out in your professional career, the first step you take can be the most important. You need to be sure that you are joining a team that will allow you to grow and develop as you strive to reach your goals.

You wonder about the atmosphere at work and you want to remain yourself without losing your unique personality traits in the structures of a big corporation. Finding the right firm for you can be hard with so many choices. But if you want to make all these happen, come talk to Deloitte - the global professional services firm that is cultivating its employees and performing at your tempo.

In Audit we provide clients with professional advice and assurance on their controls and accounting systems all year round. We understand our clients' operations, their industry and the issues they face, and this enables us to provide them with the relevant advice. The combination of our specialist skills, industry expertise and ongoing investment allows us to anticipate complex business problems for our clients and recommend preventative action.

Your work will look like this:

- Participating in the audit of financial statements of various national and multinational companies and institutions prepared in accordance with Slovak GAAP, IFRS and US GAAP;
- Analysing and summarising information (financial data, accounting records and financial statements, etc);
- Preparing data for experienced colleagues;
- Using our proven Deloitte methodology;
- Following a tailor-made training program and being coached by our senior staff and managers in order to gain increasing autonomy and technical know-how allowing fast career progression;
- Gaining further qualifications.

Working in Deloitte you can gain:

- Systematic education and a professional development;
- Career in an international working environment;
- Attractive remuneration for good performance;
- Wide range of employee benefits;
- Deloitte training at national and international level;
- Support in ACCA study and other professional qualifications.
