Project Number: 2017 – 1 – SK01 – KA203 - 035352

Duration: September 2017 – May 2020

Total planned expenditure: 40 280 €

Type of the Project: Erasmus +

Implemented by: Department of Social Work, Faculty of Education

The aim of the project is to foster the third mission of universities and civic engagement of students through the implementation of an innovative service learning strategy in the Central and Eastern European region. The role of higher education institutions in the development of communities and regions, in addressing local and socio-economic problems and their active contribution to the development of civil society is all more acceptable and needed. To take up this role and to promote civic engagement and social responsibility for employees and students, is not easy for a traditional higher education institution such as a center of science, research and education.
