

# FAKESPOTTING

**Project Number:** 2020 – 1 – IT02- KA203 - 079902

**Duration:** October 2020 – August 2023

**Total planned expenditure:** 37 396 €

**Type of the Project:** Erasmus +

**Implemented by:** Departments of Security Studies  
Faculty of Political Science and International Relations

*Project focuses on development of digital information literacy via set of integrated abilities encompassing the reflective discovery and assessment of information, the understanding of information, the critical evaluation of sources. The ability to search, collect and process information and use it in a critical and systematic way, assessing relevance and distinguishing affect inter alia also the democratic participation of European citizens as digital literacy is totally related to the capacity to spot disinformation. To achieve the project purposes the partnership is strategically composed by 5 Universities and 4 NGOs. The project will realise the following outputs: a) web based learning on information, media literacy and fact- checking; b) toolkit on fact-checking methodologies related to labour market needs and methods to include digital skills in academic programmes; c) guideline on Media and Information Literacy and national online disinformation case-studies; d) digital assessment tool fostering tracking methodologies of students' skills improvements in HEIs. The impact of the project will lead to rise of awareness of online disinformation threats at European level. Inclusion of innovative tools, methodologies and activities into academic programmes and adult education institutions.*

Co-funded by the  
Erasmus+ Programme  
of the European Union
