Fresh Graduate Program

Huawei values talent. We look for the value in the people and work with them in diverse ways. Every year we look for ICT fresh graduates who can help us to build strong company on the competitive market. Fresh graduates are considered candidates who graduated within last two years. We provide the fresh graduates with specific technical trainings, soft skills trainings. We give the opportunity to grow and place people in the positions that suit them the best to maximize their potential. Employees can choose either to grow in professional path or managerial path.

Requirements for ICT Fresh Graduates:

- Minimum bachelor degree in Telecommunications, IT, Electronics, Mathematics or related majors.
- Good communication skill in English.
- Successful completion of Huawei Seeds for the Future or Huawei ICT Academy is an advantage.
